Presidential Address

Welcome to the 2026 Symposium on Diabetic Wound Healing. This year we are pleased to launch our professional education activities. I hope you can enjoy our one day workshops, lectures and clinical cases sharing.

This symposium on 7th February 2026 is hosted by our Hong Kong Society for Diabetic Limb Care, I would like to thank our colleagues OC members for organizing this event. I would like to thank KH Leung, JH Tan, Esther Chow, Toma, Yuki, Anthony, Kam Wai, Victor and Yuen Yee. I would also like to thank all the invited speakers for delivering lectures in our program. We have invited Prof. Guang Ming Tan, Tina Lau, Victor Tsui, WW Chau, Anthony Shum, Esther Chow to share their expert experience with us.

In our workshops we have a cadaveric course on lower limbs reconstruction at HKU laboratory. Thanks to Prof. WY IP and all the table instructors Michelle, Wesley, Esther, Anderson and KH for their instructions and demonstrations. We also have workshops on wound dressing, debridement and plantar wound pressure off-loading with hands-on experience for participants. I would like to thank our sponsors for supporting the events and lunch symposiums.

This year our colleagues have put up a program covering nursing, podiatry, prosthetic and orthotic specialties. We also have clinical cases sharing sessions, reflecting the practical experience in handling patients.

Presidential Address

Our program is accredited by professional institutes. I am sure you will benefit from the experience on your participation in one form or another. I am looking forward to meeting you then!

Dr. Samson CF Chan

President

The Hong Kong Society for Diabetic Limb Care

Welcome Message

Dear colleagues,

It is with great pleasure we welcome you to the Hong Kong Society of Diabetic Limb Care 2026 Symposium on Diabetic Wound Healing. As mentioned by our president, this is a multi-disciplinary event and we are honored to host you in the medical faculty campus.

The options of treating or covering a diabetic wound continues to expand and it is essential to keep ourselves updated. On the other hand some management principles stood the test of time and it is important to be reminded. Through different format including lectures, workshops and case sharing sessions, we hope that we can bring out these messages in the symposium.

We are sure that no matter your specialty or experience, you will find something that is relevant to your practice, and we hope you all have a fruitful and educational experience.

Sincerely,

Dr. Ka-Hei LEUNG
Co-Chairperson

Dr. Esther Man Wai Chow
Co-Chairperson

Organizing Committee

Co-Chairpersons:	Dr Esther MW Chow Dr KH Leung
Advisors:	Dr Samson CF Chan Dr Josephine WY Ip
Secretary:	Mr. Toma Pun
Treasurer:	Dr. JH Tan
Committee Members:	Mr. Kam Wai Chen Ms. Yuen Yee Choi Ms. Yuki Kwok Mr. Henry Kwong Mr. Ka Chai Leung Mr. Anthony WH Shum Mr. Victor Tsui

Speakers

Ms. Tina Lau

Associate Nurse Consultant (Med)
Queen Mary Hospital

Mr. Victor Tsui

Advanced Practice Podiatrist
Queen Mary Hospital

Mr. WW Chau

Associate Nurse Consultant (O&T)
Queen Mary Hospital

Mr. Anthony WH Shum

Advanced Practice Prosthetist and Orthotist
Yan Chai Hospital

Speakers

Ms. Winnie WY Tang

Nurse Consultant (O&T)

Pamela Youde Nethersole Eastern Hospital

Mr. Henry WF Kwong

Nurse Consultant (O&T)

Programme

Saturday 7 February 2026

8:15 - 8:30

Registration

8:30 - 10:00

**Workshop I
Wound Debridement
and Dressing**

Ms. Winnie WY Tang
Dr. Samson SF Chan
Dr. KH Leung
Dr. JH Tan
Mr. WW Chau
Mr. Henry Kwong
Mr. KC Leung

10:00 - 10:30

Tea Break

**Lecture Part One: Disease Control and Complication
Prevention**

Moderator: Mr. Anthony WH Shum

10:30 - 10:45

Updated diabetic
Management

Ms. Tina Lau

10:45 - 11:00

Podiatric Strategies for
Preventing Diabetic
Foot Ulcers

Mr. Victor YT Tsui

Programme

Lecture Part Two: Diabetic Foot Ulcer Management

Moderator: Dr. Esther MW Chow

11:00-11:15	Preserving Limb, Enhancing Lives: Leveraging Synthetic Dermal Matrix and Roy's Application Model in Complex Wound Reconstruction	Mr. WW Chau
11:15-11:30	Prosthetics and Orthotics for Diabetic Foot: Current Status and Future Developments	Mr. Anthony WH Shum

Case Sharing

Moderator: Dr. KH Leung

11:30-12:30	Case One	Ms. Winnie WY Tang
	Case Two	Mr. Henry Kwong
	Case Three	Mr. Raymond WH Lai
	Case Four	Mr. Billy KW Liu

Programme

12:30-13:30

Lunch Symposium
(sponsored by Innotronik
and Polynovol)

Fast Reconstruction of
Diabetic Foot Ulcers

Professor
Vigneswaran
Nallathamby
(Zoom)

The use of BTM on wounds –
my experience, tips and
tricks

Professor Jeannette
WC Ting

Programme
